DETAILED ACTION

Claims 3-8 are pending in the case.

Response to Arguments

Applicants have presented amendments to the claims in their response filed 5/5/05. The response is sufficient to overcome the rejection of claims 1 and 2 under 35 USC 112 first paragraph, made in the previous Office action mailed 2/23/05.

The following is a new grounds of rejection.

Claim Rejections - 35 USC § 112

Claims 3-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 3, 5 and 7 and by dependence claims 4, 6, and 8, are vague and indefinite in the recitation of "the conditions being chosen so that the mutagenized strain overcomes the growth inhibition through a Q10 production which is increased by comparison with the *Sporidiobolus ruineniae* strain employed in (a), grows in a fermentation medium;...". The claim is vague and indefinite since it is not clear whether applicants intend that all of the starting mutagenized *Sporidiobolus ruineniae* microorganisms overcome the growth inhibition, or only the rare mutant which produces higher levels of Q10, i.e. a selected strain, which is being claimed. Furthermore, it is

unclear what is intended by the phrase "grows in a fermentation medium", i.e. it is not clear what strain is being referred to in this phrase. This phrase does not appear to be grammatically connected to the rest of the sentence.
